- **Management:** Agile Methodologies, Asana, Monday, Sharepoint, Microsoft Office, Write Documentation

## EXPERIENCE

---

- Full Stack Developer** – Agility Consultants LLC – Remote Sept 2023 – Present
- Shines in frontend development by delivering pixel-perfect UIs, implementing thorough error handling for quality data control, testing and debugging for user-ready products, and using best coding practices, resulting in a quality product, client satisfaction, and better code readability
  - Proactively identifies UX and design issues during development and implements proposed changes to enhance product clarity and intuitive usability
  - Creates and utilizes API endpoints and restful routes to deliver and render data efficiently to the page
  - Designs database charts and schemas to support app data essential for CRUD functionality
- Intellectual Property Paralegal** – Fabricant LLP – Rye, NY Jan 2021 – Apr 2022
- Leveraged boolean and keyword search terms to query legal cloud databases (SQL) and extract relevant case documents to efficiently analyze documents and prepare for hearings, trials, and depositions
  - Supported team of 12 attorneys with heavy caseload: timely court submissions, organizing e-files, communication
- Securities Paralegal** – Hach Rose Schirripa & Cheverie LLP – New York, NY Sept 2019 – Jan 2021
- IP Legal Assistant** – Desmarais LLP – New York, NY Jun 2018 – Aug 2019

## PROJECTS

---

- Yapp** – Full Stack Clone of Yelp May 2023 | [GitHub](#)
- Created an authentic replica of Yelp.com using Ruby on Rails, PostgreSQL, JavaScript, React, and Redux allowing users to search for and review restaurants with full CRUD functionality
- Trip It** – MERN Stack Group application Mar 2023 | [GitHub](#)
- Served as Front End lead creating an application utilizing React, Redux (thunk), JavaScript, and CSS that allows users to organize and plan trips and events with other users with full CRUD
  - Successfully maintained a team git workflow, enhancing code quality and collaboration

## VOLUNTEER

---

- Tech Coach** – Search and Care – New York, NY Aug 2023 - Present
- Empowers senior citizens to live independently by teaching them how to use and troubleshoot personal tech

## EDUCATION
